and NSD File No. L-00-72.

Dear FCC:

I am a retired person that has obtained a TracPhone (wireless) for emergencies only . I will not pay the high prices for a monthly plan . I only use this airtime for real emergencies and to communicate when I can't use a phone card . I pay Universal Taxes on my home phone now and I am being TAXED to death . I say NO to more taxes that will increase my burden to pay . In fact do you people in Washington really understand how rough and tough it is to exist . NO MORE TAXES !!!!!

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Gary Strobridge
